# What's going on in EASTEM?

**Dear EASTEM project members and friends,**

Hope you are doing well and are as excited as we are in the Uppsala University team to resume our project activities with EASTEM. Has your university recently conducted or plans to conduct an activity that is relevant to the EASTEM project? You can email [miriam.tardell@uadm.uu.se](mailto:miriam.tardell@uadm.uu.se) with any updates you wish to share with everyone.

## **Upcoming project meetings and activities**

**WP 4 Virtual Brest meeting 12-14 October** (8:00-11:00 CET times all meeting days): At this meeting, our project will dig deeper into our best practices and needs in university-industry collaboration and discuss how EASTEM could develop a common model for this based on the framework already established by the WP 4 group. We will also get the opportunity to meet and discuss with senior representatives both of IMTA (where our colleagues in Brest work) and of the whole IMT Group of technical universities across France, as well as with a number of major companies and start-ups including THALES, NAVAL, NOKIA, ORNESS, ARTAL, SOCIETE GENERALE and BOOKBEO. The

tentative meeting programme can be consulted in the EASTEM Google Drive or by [this link](#).

If you are working with WP 4 in EASTEM, please join this virtual meeting! You will find a link to the registration here:

<https://forms.gle/8SFPzLLNXYTzcCdx8>

**WP 2 Planning meeting in October:** The WP 2 group will meet again after summer vacation to check in informally with everyone on the lessons learnt and next steps for the ToT courses (both online and offline). Exact date will be determined very soon! Email Jake with any questions ([jake.reardon@uadm.uu.se](mailto:jake.reardon@uadm.uu.se)).

**Dissemination/General Meeting (virtual): 30 November - 2 December:** UGM will host a virtual meeting with the aim to showcase our results and achievements to stakeholders within and outside our universities.

If you are interested in international virtual classrooms and innovation in university-industry collaboration, feel free to join these webinars with universities in Europe and Latin America. The webinars are organised by Uppsala University coordinated Erasmus+ project LISTO, for more information please visit: <https://listoproject.eu/webinars/>

## **Innovation & Entrepreneurship Webinar Series 2020**

- 23/09 Accelerating Innovation with University-Industry Collaboration
- 30/09 Developing an International Virtual Classroom
- 07/10 Strengthening the Entrepreneurial Spirit of Universities

Registration: [www.listoproject.eu/webinars](http://www.listoproject.eu/webinars)

Co-funded by the  
Erasmus+ Programme  
of the European Union

Stay tuned for more information and keep up the great work everyone!

Best regards,

Miriam Tardell  
Uppsala University  
EASTEM Project Coordinator
